The federal government requires U.S. citizens to have health care coverage. Therefore you, your children, and anyone else you claim as a dependent on your tax return are required to either purchase health insurance or pay a penalty. That coverage can be supplied through Chipotle, public programs such as Medicare or Medicaid, or an individual policy that you purchase in the Health Insurance Marketplace.

This guide describes your options through Chipotle. Visit GetInsured at www.Insurance.MercerMarketplace.com to learn more about the other options available to you.

Getting the benefits you want is easy.

Eligibility & Enrollment

Eligibility*

The health plan(s) and dental/vision benefits are available to all eligible Crew, KM & SM employees and their:

- **Legal or common law spouse** (notarized certification required)
- **Domestic partner** (notarized agreement required)
- **Children** – Dependent children will be eligible for coverage until the end of the month in which they reach age 26, regardless of access to other coverage. This applies even if your child is married, attends school full-time or lives with you, or is not your tax dependent.

*Proof of eligibility may be required at any time during the year. Chipotle is required by law to collect the Social Security Number of each person enrolled in our Medical plan - including your covered dependents. Please make sure you include the SSN (National ID) and Date of Birth for all of your covered dependents when you complete your benefits enrollment.

All Crew, KM & SM employees and their dependents are eligible for the Preventive Plus Health plan, the dental plan, and the vision plan, regardless of the number of hours you work per week. Crew regularly working 30 or more hours per week for the last 12 months (as determined by Chipotle), Kitchen Managers, and Service Managers are eligible to participate in the Hourly PPO Plan and cover their eligible dependents.

401 (k)

The Chipotle Mexican Grill, Inc. 401(k) plan is a great way to save for the future

1

Enroll early

You can enroll as soon as you receive your enrollment materials. These materials — including information about your investment options — will arrive at your home within 30 days of becoming eligible for the plan.

To be eligible:

- 18 years of age or older.
- 1 year of uninterrupted employment, with at least 1,000 hours of service.

When you enroll, you'll need to:

Decide how much to save. You can save 1% to 50% of your eligible pay, up to the IRS limits (\$18,500 in 2018). If you're age 50 or older, you can contribute an additional \$6,500. Your contributions are made through convenient payroll deductions.

Tax savings. If you enroll in the Traditional 401(k) plan, your contributions are taken pre-tax, so you pay less in taxes today while saving for the future. If you enroll in the Roth plan, contributions are made post-tax, meaning your dollars grow tax-deferred, and if you hold the account for at least five years, and don't withdraw the money until at least age 59 1/2, you won't owe any taxes on your earnings. You may also defer your investments by enrolling in both plans.

Choose your investments. The 401(k) plan offers a wide range of investment fund choices so you can choose a mix that's right for you. The online tools available at www.trsrretire.com will help you map out a plan for retirement.

2

Get the match

Chipotle helps your savings grow by providing a matching contribution on the first 5% of compensation you contribute to the plan per pay period. As long as you are contributing to the 401(k) plan and after you have completed one year of uninterrupted employment, worked at least 1,000 hours during that year, and reached age 18, you get:

- A dollar-for-dollar match on the first 3% of compensation you contribute and
- 50 cents on the dollar for the next 2% of compensation you contribute

The Chipotle matching contribution will begin on the first paycheck of the month following the month you become eligible or the month you meet the eligibility requirements listed above and can be seen on www.trsrretire.com. If you enroll in both the Traditional and Roth plans - Chipotle will match your Traditional contributions first and then the Roth up to a total match on 5% of your contributions.

Here's how it works: Let's say you earn \$18,000 annually and contribute at least 5% of your compensation to the Plan. Chipotle will match 100% of the first 3% you contribute — \$540 (3% x \$18,000) — and half of the next 2% you contribute — half of \$360 (2% x \$18,000).

That's \$720 in free money (\$540 + \$180) from Chipotle!

Enroll in the plan as soon as you are eligible at www.trsrretire.com or call (800) 755-5801.

You are 100% vested (or own) all of the contributions you and Chipotle make to your account. It is important to know that loans can be made against a 401(k) account but must be paid back with interest. Taxes on contributions and earnings are dependent on your enrollment and deferral strategy. For additional distribution information, review the Summary Plan Document for the 401(k) plan on the Benefits Hub, <https://benefits.unburritable.net>.

Paid Time Off

Paid Vacation

Chipotle offers paid vacation to all Crew, KM & SM's according to the waiting periods and accrual methods outlined below.

Vacation Accrual for Crew Members

Crew who have completed one (1) year of uninterrupted employment with Chipotle are eligible to begin accruing vacation time up to a maximum of forty (40) hours per calendar year. Your rate of accrual is 0.019 hours of vacation per hour worked each week, up to forty (40) hours in a week. After you have worked forty (40) hours in a week, you stop accruing vacation for that week. You may view your available vacation balance via the Time Off worklet in Workday.

Vacation Accrual for Kitchen Managers and Service Managers

Upon your promotion to Kitchen Manager or Service Manager, you are eligible to accrue paid vacation at the following accrual rate, based on your length of uninterrupted employment with Chipotle, times the number of bi-weekly pay periods you work up to the maximum number of vacation hours listed below. You may view your available vacation balance via the Time Off worklet in Workday.

Years of Uninterrupted Employment	Hours of Vacation Accrued per Bi-Weekly Pay Period ("Accrual Rate")	Maximum Number of Vacation Hours You Can Accrue Per Calendar Year
Date of hire - Year 3	1.54	40
Year 4 - Year 8	3.08	80
Year 9+	4.62	120

Additional Details

- Vacation is provided for the purpose of rest and relaxation and you are encouraged to use vacation during the calendar year in which it accrues.
- Any accrued vacation that is not used by December 31st of each calendar year is deemed not earned and is forfeited without pay. If you work in a jurisdiction with a paid leave or vacation law, Chipotle will comply with all applicable requirements of that law.
- Chipotle does not allow pay in lieu of vacation time under any circumstances, except upon termination of employment. If your employment is terminated, for any reason, you will be paid for any accrued, unused vacation.
- If your employment ends and you've used more vacation days than you've accrued, any vacation that has been advanced to you but not yet earned may be deducted from your final paycheck, subject to and to the extent permitted by applicable law.
- To request time off, please speak with your manager and submit a vacation request in Workday as far in advance as possible. Requests will be approved based on staffing needs and requirements.

Paid Time Off (continued)

Sick Time

Crew, KM & SM employees are eligible to use up to twenty-four (24) hours of sick time per year. On January 1 of each year, all Crew, KM & SM employees will be granted the full sick time allotment of twenty-four (24) hours. New employees hired during the calendar year will be granted the full sick time allotment of twenty-four (24) hours when they are hired, and on January 1 of each following year.

There are several jurisdictions that have mandated sick leave laws that are different from our standard policy. If you work in a location with a sick leave law, you will accrue and may use sick time based on hours worked, as defined by the sick leave law applicable to you. For additional information on these laws please reference your restaurant's Labor Law Poster or contact the Employee Service Center at p: 877-625-1919 x Benefits.

Sick time may only be used for an employee's personal illness/injury or medical and dental appointments, and any other purposes for which sick time is required to be made available by applicable law. Because sick time is designed to provide benefits only to existing employees who temporarily are required to miss work, unused sick time is not payable upon termination of employment for any reason. In addition, any sick time that is not used by the end of the calendar year will be forfeited without pay unless you work in a jurisdiction with a paid sick leave law which mandates sick time balances be rolled over into subsequent calendar years. Unless otherwise required by law, if your employment is terminated and then you are re-hired by Chipotle, you will not be able to use sick time that accrued before your employment was terminated.

To use sick time, you must enter your sick time into Workday under Time Off and your sick time must be approved by your manager, unless otherwise required by law.

All employees who have experienced vomiting and/or diarrhea at home or at work must be immediately excluded from work and the Manager on Duty must immediately notify the SSR department at (303) 222-5968. You must also notify your field leader.

Performance and Pay

Performance Reviews

We dedicate time twice a year for you to meet with your manager for a performance review. Performance reviews are a great chance for you to discuss with your manager what you are doing well, what you could do better, and how you can reach your goals. However, you do not need to wait for a formal review to discuss job issues or your performance; you are encouraged to have frequent performance conversations with your Manager using the Development Journals. If you need help or training in certain aspects of your job, let your Manager know. If you have not received your performance review, please contact your Manager, Restaurateur, Area Manager, R+, ATL, TL or People Support Department.

Merit

Crew, KMs & SMs are eligible to receive a merit increase after each performance review. When we make decisions about potential pay increases, we take into consideration your performance and overall contribution to the restaurant. Our goal is to reward our highest performers, so those with higher performance ratings are more likely to receive a greater increase than those with lower ratings. Keep in mind that receiving a performance review does not guarantee that you will receive a pay increase.

Year-End Bonus

We believe in recognizing our Crew, KMs & SMs for their dedication and hard work. So, each December all full-time Crew, KMs & SMs (working more than 32 hours per week on average) who have been with the company for a minimum of one year and whose last performance rating was Above Expectations (AE) or Meets Expectations (ME) may be eligible to receive a bonus based on a percent of their annual earnings.

Please contact your Manager, Restaurateur, Area Manager, R+, ATL, TL or People Support Department for more details. Chipotle reserves the right to change or discontinue the crew bonus program at anytime without notice.

Promotions

We believe strongly that our company's future leaders are already among us. Our goal is to fill each open management position with someone promoted internally. This philosophy creates a unique opportunity for Crew, KMs & SMs to move up through our career path. To be selected to take on more responsibilities, you must be a top employee who has trained your replacement in your current position, and you must have the support of your entire team. After you've been selected and trained for a new position, your managers and field leaders will validate that you have gained the knowledge and skills to be promoted. For more information on this process, please contact your Manager, Restaurateur, Area Manager, R+, ATL, TL or People Support Department.

Benefits Glossary

As you learn about and use your benefits, it helps to know the terminology.

Insurance Terms

Coinsurance

A percentage of the cost that you pay for a covered service. Coinsurance applies under the Hourly PPO Health Plan and the Dental Plan.

Copay

Usually a flat fee you pay when covered services are provided. Copays apply under the Preventive Plus Health Plan and the Vision Plan.

Deductible

The amount of money you pay before the plan begins paying for benefits. There is a deductible under the Hourly PPO Health Plan and the Dental Plan.

Emergency

In most cases, an emergency is an unforeseen event that causes an injury or illness that unless treated quickly could cause loss of life or limb (hand, arm, leg, etc.).

Health Savings Account (HSA)

A savings account you can open at your local bank if you enroll in the Hourly PPO Health Plan to pay for medical and dental deductibles and coinsurance and for vision plan copays.

Inpatient

A person who is treated by a medical professional for an illness/accident, that requires at least one overnight stay in a hospital.

Network

A group of doctors, hospitals, dentists, pharmacies or vision providers who agree to charge a discounted rate for goods and services provided.

Outpatient

A person who is treated by a medical professional for an illness or accident that does not require an overnight stay.

Qualified Dependents

Legally married spouse, common law spouse (with completed notarized certificate of common law), domestic partner (with completed notarized agreement of domestic partnership), children under the age of 26 or any age if mentally/physically incapable of self-support.

Reimbursement

Payment is made to the provider by the employee and the employee submits a claim. The insurance company writes a check to the employee for the covered service up to any copay or coinsurance level. The insurance company's check is the reimbursement.

Stability Period

For Crew, KM & SM members, a 12-month measurement period will determine the average number of hours you work. If you are determined to work 30 or more hours per week on average, then this means you will be eligible for the Hourly PPO plan. If enrolled, coverage will last for 12 months (following a short administrative period). This 12 months of coverage, known as the stability period, typically coincides with the calendar year. However, in the case of new hires, this stability period will start between 13 and 14 months after your hire date.
